## Professional Development Calendar 2018-2019

### Volunteer Management Workshop - Transforming your Volunteering Program for the Digital Age

Virtual volunteering is a growing trend and a great way to compliment your existing volunteer program to allow your volunteer involving organisation (VIO) to access a wider volunteer pool. We encourage VIOs to think strategically and create new opportunities that will create long term impact in their organisation and lift social participation at the same time. Thus, we are collaborating with Communitier to facilitate this interactive and practical workshop for VIOs. November 15 @ 3:00 pm - 5:00 pm. **FREE Member Workshop!**

### Recruit and Retain Volunteers

Do you have a 5-star approach to attracting and keeping volunteers? Just like major companies strive to be an employer of choice, so too should volunteer-involving organisations. That's because effective recruitment and retention of staff and volunteers makes people and organisations more productive, stable, and happier. It also helps reduce workforce conflict, staff/volunteer turnover, and keeps costs down. 20 November, 2018 - 9:30 – 4:30pm.

### Leading for Purpose

Leaders are vital to drive the not-for-profit sector. This structured program over 6 months for current and aspiring leaders will help you lead and inspire your organisation's vision. It includes three intensive full day workshops followed by individual coaching sessions for each participant allowing you to apply your learning, leverage your strengths and embed new behaviours, all leading to increased effectiveness and improved results. The 2019 program launches in late January with the first workshop in late February and concludes in June.

### Volunteer Management Forum – March 2019 – Special Showcase of Australian National Maritime Museum's Volunteer Program and Onsite Tour

Join our very special presentation about the Australian National Maritime Museum's Volunteer Program and hear from their Volunteers Manager about their efforts to create an innovative and thoughtful program for the public. An onsite behind the scenes tour will be offered to attendees. Find out new solutions for your volunteer programs and learn new ideas. March 21 @ 10:00 am – 12:00 pm. **FREE Member Event!**
